and women who enlisted, this fountain is of art nouveau design and was completed in 1919.

1 Cunnamulla Coach Stop Mural (E7) Offering a great photo opportunity, this mural reflects a time when Cobb & Co. coaches provided vital transportation services in the region.

2 St Alban's Anglican Church (E7) The Bush Brotherhood of St Paul has provided pastoral care to this community since 1905. The original building, now the church hall, was relocated to its present day site in 1963 and a new church was built and designed to allow for the extremes of our climate. An aerial view shows the roof to be in the shape of the cross.

3 The Robbert's Tree (E11) So called after Joseph Wells field up the National Bank in 1880. After a struggle with a local shop keeper, Wells hid in this tree, but was soon found and captured. Wells was later hung, he was the last man to be hung for such a crime in Queensland.

4 Bob Poncho Park (E8) Established in 1991, these gardens are a memorial to the late Robert Lion Poncho, a very active community member, born in Cunnamulla in 1901.

5 Cunnamulla Heritage Trail (Start E7) Discover the unique character of this town and the story behind many of the historical buildings and businesses including hotels, saddlery, Tonkin House, churches and The Warrego Watchman. Walk the trail at your own pace or join a guided tour with a knowledgeable local. Ask at the Cunnamulla Fella Centre for a booklet and more details.

6 River Walk (E8) Enjoy the natural wonders of the

banks and flood plains along the Warrego River and watch the sunset from the viewing deck located half way.

7 Sandhills Walking Tracks (F13) Stretch your legs on the walking tracks through the park and sandhills on the outskirts of town. Simply take in the view from the lookout, or for the more adventurous, get the adrenalin racing and go sand boarding on the slopes of these massive sandhills.

8 Cunnamulla Bushlands (E9) Follow the 1.5km looped walking track which meanders along a flowing waterway and takes you through 6 of the ecosystems found within the region. Each area features plants and soils typical to the different ecosystems.
